iConnect® TRAINING

NEW

iConnect Training Expansion Panel Package

THE BRAND NEW TU-9242 SET IS HERE!

This expansion pack takes the TU-9240 to new levels in the classroom and lab.

*This innovative addition includes **9 new panels,** with a rack to mount them in the TU-9240 cabinet.*

PART NUMBER	PHOTO	DESCRIPTION
3009137		**Blown Fuse Panel:** Use a multimeter to test fuse continuity. Simulate a blown fuse
3009138		**Honeywell Controller Panel:** Electronic remote temperature controller. On/Off or analog controller
3009139		**Two-Stage Thermostat Panel:** 3 Heat/2 Cool Heat Amps 2 Heat/2 Cool Conventional Hardwired R, G, W, W2, AUX, O/B, Y, Y2, C
3009140		**Defrost Timer (120V) Panel:** Stand alone 120V defrost timer. Use a multimeter across open and closed mechanical contacts.
3009141		**Heat Sequencer Panel:** Therm-O-Disc Electric Heat Sequencer 2 Switches On Timing: 1-20 sec Off Timing: 40-110 sec

PART NUMBER	PHOTO	DESCRIPTION
3009518		**Analog Input Module Panel:** (4) Analog Inputs 50 KOHMs, 3600° Potentiometers
3009519		**Heat Pump Defrost Control Board Panel:** Universal heat pump defrost control board for single-stage heat pump applications
3009536		**Reversing Valve Panel:** The component in a heat pump that changes the direction of refrigerant flow
3009540		**T6 Thermostat Panel:** 3 Heat/2 Cool Heat Pumps 2 Heat/2 Cool Conventional Hardwired or Battery C, R, W, W2, Y, G, O/B, S, S
